

CGK/MGK and CG/MG series

➤ The enclosures ensure the highest degree of protection from external interferences; more specifically, they protect people from accessing the hazardous components housed inside the enclosures

Scope of application

➤ External interconnections in vehicles, in harsh environments and in humid areas and with sensitive interconnections requiring shielding from electromagnetic interference.

➤ They are particularly suitable for the applications in the railway industry and any application requiring high resistance to pressure, impact and corrosion, with IP66/IP68/IP69 protection rating.

➤ They also ensure a good shielding for electromagnetic compatibility.
